Continuation of Substance of Interview including description of the general nature of what was discussed:

During telephone conversations on August 1 and 2, 2006, Examiner has suggested canceling claims 20 and 25-27 in order to place the application in condition for allowance. Further, claims 28 and 29 have been cancelled as drawn to a non-elected invention. Also, Examiner has indicated that "means-plus-function" recitation of claim 21 readable on specie "without projectile" would be anticipated by DE/20315849. For details see Examiner's Amendment attached hereto.
